Balanced line cable with 3 pin male XLR connector for in-house systems located at base of post
- ❖ Integrated desk light
- ❖ Integrated LED theme lighting
- ❖ Ships fully assembled

Product Descriptions

The AmpliVox SN308009 offers a wide reading surface that gives you plenty of self confidence while presenting the presentation details to your audience. The 1/2-in. thick plexiglass and anodized silver aluminum side panels of SN308009 are enclosed to the presenter for a comfortable presentation.

This lectern comes in frosted acrylic and 2 silver aluminum panels. With compelling style and sheer elegance, this 2 column contemporary lectern will catch the attention of your audiences. The body of lectern has a 1/2-inch frosted front panel and a 1/4-inch back panel, separated by two 3/4-inch clear spacers that run the height of the body.

CTR Units include integrated LED lighting to provide a color glow if preferred for theme lighting, as well as integrated desk light and rubber mounted gooseneck microphone. This podium makes a statement!
