

Product No. VIDVRM

**Datavideo RMC-180 PTZ Camera
Control Unit**

Product Descriptions

The Datavideo RMC-180 PTZ Camera Control Unit offers remote controlling of multiple camera options such as pan, tilt, zoom, iris, focus, gain and white balance. It supports up to 4 Datavideo PTC-150 cameras over a distance of more than 1000m via network cabling. The control unit is also compatible with SE-2000 and HS-2000 HD switchers. Being compact in size (310 x 186.78 x 79.49mm) and easy to install, the camera control unit is ideal for use in educational institutions, conferences, places of worship, and small or automated video studios.

Using the joystick on the RMC-180, you can control the speed of the pan, tilt and zoom movements. Multiple presets for pan, tilt and zoom for each individual camera can also be stored. Information and settings of the cameras it controls is displayed on the LCD panel.

Product Details
