Product No. DTHP04

HP Compaq 6000 Pro All-in-One Business PC

Product Descriptions

All-in-one desktops generally have a tough time fitting into the business realm. Although they're convenient space-savers, they're generally pricier than similarly equipped tower models. More important, however, those svelte chassis come at the cost of internal access--often a deal breaker for IT departments that need unfettered access to their machines.

Power through tough workday tasks with this computer's 3.0GHz Intel Core 2 Duo processor, and flip back and forth through multiple apps with its 4GB of system memory. Put the 750GB hard drive to work storing all your essential files, and expand storage as needed using the empty 2.5- and 3.5-inch external and internal bays.

Product Details

Although care has been taken to ensure the accuracy of the information provided in this Product Specification, CTR is in no way liable for any errors, omissions or changes in specifications.

Features

- ❖ Pre-installed with Windows 7 Professional for a familiar, intuitive interface
- ❖ Fast 3.0GHz Intel Core 2 Duo processor offers smooth software performance
- ❖ Multitask with ease thanks to 4GB of DDR3 RAM
- ❖ Spacious 750GB hard drive offers ample room for documents and media files
- ❖ Integrated Intel Graphics Media Accelerator 4500 card renders images and videos smoothly
- ❖ Integrated HD audio provides high sound quality for music and other media
- ❖ Integrated Gigabit Ethernet 10/100/1000 and an RJ-45 Ethernet port offer easy Internet connectivity
- ❖ Includes computer system, keyboard, mouse, power cord and 240-watt power supply for fast setup
- ❖ Expandable design features an external 5.25" and 3.5" bay and an internal 3.5" bay
- ❖ Includes one low-profile PCI and two low-profile PCI Express and one low-profile PCI Express x16 slots
- ❖ 10 USB 2.0 ports, two on the front and six on the rear, offer easy syncing and connectivity for peripherals
- ❖ One serial, one VGA, one display and two 3.5mm audio ports make it simple to connect a monitor and speakers
- ❖ Factory refurbished to ensure quality
- ❖ Measures 14.9 inches high x 3.95 inches wide x 13.3 inches deep and weighs 16lbs

Specifications

CPU	Intel Core 2 Quad Q9400 / 2.66 GHz
Number of Cores	Quad-Core
Data Bus Speed	1333 MHz
Built-in Devices	speaker
Chipset Type	Intel Q43 Express
Processor Socket	LGA775 Socket
Cache Per Processor	6 MB
Per Processor Size	6 MB
Storage Type	Serial ATA-300
Memory Speed	1066 MHz
RAM Technology	DDR3 SDRAM
RAM Size	4 GB
Memory Max Supported Size	16 GB
Form Factor	DIMM 240-pin
Slots Qty	4
Environmental standards	EPA Energy Star
Memory Allocation Technology	Dynamic Video Memory Technology 5.0
Capacity	1 x 500 GB
Interface Type	SATA 3Gb/s
Spindle Speed	7200 rpm

Features	Native Command Queuing (NCQ)
Hard Drive	500 GB
Interface Type	Serial ATA-300
Input	keyboard, mouse
Processor Number	Q9400
Clock Speed	2.66 GHz
Drive Type	DVD SuperMulti
Data Link Protocol	Ethernet, Fast Ethernet, Gigabit Ethernet
Chipset Type	Intel Q43 Express
Graphics Processor	Intel GMA X4500
