Product No. LCLX01

Lexmark C543dn Color Laser Printer

Product Descriptions

The Lexmark C543dn is the professional color partner small workgroups have been waiting for. Bring your business documents to life with high quality color output from the C543dn laser printer and drive down costs and inefficiency with paper saving two sided printing and included high yield toner cartridges. Also, with its ultra compact design and quiet operation, the C543dn is the perfect desktop companion for fast color laser printing.

The C543dn produced mixed results on our speed and print quality tests. It printed text at a decent clip of 19.8 pages per minute (ppm) about average compared with other color lasers we've tested. The text itself looked black and pretty crisp. Color graphics proved to be a tougher haul, as they came out very slowly:
