

## Product No. VIMOH8

**Monoprice 14526 Blackbird 4K 1x8 HDMI  
Ultra Slim Splitter**

## Product Descriptions

The Monoprice Blackbird 4K 1x8 HDMI® Splitter allows you to distribute UHD 4K HDMI content from a single source to 8 high definition displays at the same time. This splitter is a high quality, high definition HDMI distribution amplifier designed to distribute 4K HDMI signal to up to eight displays. It supports resolutions up to 4K@30Hz, as well as 3D video at 1080p. It also supports high definition audio signals, including 7.1channel LPCM, DTSHD Master Audio, and Dolby TrueHD.

The system features extensive EDID management for improved device compatibility and communication between display devices and sources. Fully compatible with HDMI specifications, it supports data rates up to 10.2Gbps for lossless audio/video formats, full 3D video, 24bit Deep Color with full 4K UHD resolutions, and 36bit Deep Color for 1080p HD transmissions.

## Product Details

*Although care has been taken to ensure the accuracy of the information provided in this Product Specification, CTR is in no way liable for any errors, omissions or changes in specifications.*
