

Product No. LBSA07

Samsung SL-M3870FW/XAA Multifunction ProXpress Printer, Amazon Dash Replenishment Enabled

Product Descriptions

The robust ProXpress M3870FW features print speeds of up to 40 ppm. Powered by a Cortex-A5 core processor and 256 MB of memory, it delivers unsurpassed performance for business applications.

A four-in-one tool for printing, copying, scanning, and faxing, the Samsung Multifunction ProXpress M3870FW combines high productivity with low operating cost. Equipped for the Samsung Mobile Print application and Google Cloud Print, it lets you print wirelessly from phones, tablets, and other devices with ease. A One Touch Eco Button allows users to lower toner and paper usage, helping to reduce operating expenses. Built-in wireless capability allows easy access to the device.

Features

Four-in-One Printer Helps Reduce Operating Costs

The Samsung Multifunction ProXpress M3870FW is a smart choice whether you're working out of a home office or running a business. This versatile four-in-one printer helps you communicate with clients, prepare presentations, produce high-quality copies, and keep up with administrative paperwork without the need for four different machines.

Delivers Fast Results with Compromising Quality

Powered by a Cortex-A5 core processor, the M3870FW prints at up to an impressive 40 ppm (pages per minute), making it a smart choice for a busy office environment. Built-in ReCP technology sharpens the edges of text and prints at resolutions of up to 1,200 x 1,200 dpi to improve readability and picture quality.

Smart Features Streamline Your Work

Additional features such as Easy Printer Manager allow companies to remotely control settings, so business operations can run as smoothly as possible. The printer is also built with a multipurpose tray that supports media weighing up to 58 pounds, meaning you can print onto labels, cards, and envelopes with one device.

Print from Anywhere with Mobile and Cloud Options

The M3870FW is equipped for the Samsung Mobile Print app. Once they download the app, users can print, scan, and fax straight from their mobile devices without needing to install a new driver or configure any network settings. The app is compatible with both Android and iOS devices.

The printer is also Google Cloud Print Ready, enabling you to print from anywhere. Just connect the printer to your Google Cloud Print account and start printing from your mobile device wherever you're located. Google Cloud Print is compatible with Smartphone, tablet PCs, Google Chrome Book, PC/notebooks, and other web-connected devices.

Easy Eco Driver Saves Toner

With just one push of the Eco button, you can save toner and paper and reduce energy consumption. Easy Eco Driver software saves up to 20 percent on toner by letting you remove images, convert them from bitmap to sketch, and remove text. You can also print multiple pages on one sheet, print with toner save mode, and skip blank pages.

Specifications
