

Product No. TV70SA

Sharp 70" LC-70LE650U AQUOS Full HD
Smart LED TV

Product Details

Although care has been taken to ensure the accuracy of the information provided in this Product Specification, CTR is in no way liable for any errors, omissions or changes in specifications.

Features

Built-in Wi-Fi, Access to Popular Apps & Movies On Demand

Thanks to the built-in Wi-Fi and Ethernet connectivity you can quickly access popular apps like Facebook, Twitter and YouTube using your TV. You can also watch movies on demand with Netflix, Vudu and CinemaNow (membership and/or additional fees may apply).

SmartCentral User Interface

Sharp's SmartCentral user interface allows you to easily find the apps and movies you want. Plus, flexible display options for apps can be full screen or on a dock.

Automatic Updates

The software behind the picture will be automatically updated as improvements and optimizations are developed. It's a no-hassle way to get the most performance out of your TV.

Built-in Web Browser

A built-in browser lets you visit all your favorite Internet sites without leaving the living room.

Energy Star Qualified

This AQUOS LED TV uses 50% less energy than 2010 AQUOS models.

Optical Picture Control (OPC)

Optical Picture Control (OPC) uses a sensor in front of your TV to detect ambient room light. It can automatically adjust TV brightness for optimum viewing, which can save power.

Energy-Efficient Manufacturing

AQUOS LED TVs require fewer resources to manufacture and Sharp's centralized energy management system reduces CO2 emissions by 48,000 tons per year.

AQUOS Advantage LIVE Support

Dedicated support from AQUOS Advantage LIVE experts means priority service, from available remote TV setup to live technical support.

Product Descriptions

The Sharp 70" LC-70LE650U AQUOS Full HD Smart LED TV features a Full HD 1920 x 1080p 10-bit LCD panel with an Edge-Lit LED backlight system and a 120 Hz native refresh rate. The TV supports a wide 176° viewing angle and a 16:9 aspect ratio. It's equipped with built-in Wi-Fi and a dual-core processor. If you don't have a home wireless network, you can also connect the TV to the Internet using the Ethernet jack. Once connected, you'll be able to enjoy entertainment apps including Facebook, Twitter, YouTube, Netflix, Vudu and CinemaNow. There's a built-in web browser as well.

For connectivity, this model offers four HDMI inputs, a VGA PC input, dual USB ports and more. The USB ports enable you to share your home videos and photos on the big screen.
