

## Product No. TVACWD

Western Digital WD TV Media Player

## Product Descriptions

The WD TV resembles a lot of other set-top boxes with a simple rounded rectangle design. It's 4.9 inches in width, 3.9 inches in depth, and 1.2 inches in height.

The back features an optical audio output, Ethernet, HDMI output, a USB port and an AV output for analog connections. An IR receiver and a USB port are on the front. The bottom of the device has slots that allow the box to be wall mounted. The WD TV can be controlled using a free iOS or Android app and can also respond to commands via HDMI control signals from compatible devices, like a TV.

For wireless connectivity, the box supports 802.11 a/b/g/n and Miracast so you can mirror your screen from devices running Android 4.4.2 (and higher) or Windows 8.1.

## Product Details

Although care has been taken to ensure the accuracy of the information provided in this Product Specification, CTR is in no way liable for any errors, omissions or changes in specifications.

### Features

#### Play virtually any file type.

Play your media in virtually any file format including MKV, AVI, MOV, ISO/VOB and much more on your TV.

#### Enjoy your media from many sources.

Enjoy media stored on USB and network storage devices like a My Passport Ultra, My Cloud and any computer on your network.

#### Stream the best entertainment.

Access thousands of hit movies, TV shows, trending videos and chart-topping music for endless entertainment.

**All your media, on your big screen** – You've spent time building your media collection. Now, WD TV is the best way to play it on your big screen TV. Enjoy your videos, photos and favorite songs in virtually any file format. Sit back, relax and enjoy your media in brilliant 1080p.

**You have it, we'll play it** – WD TV supports a wide variety of the most popular files including MKV, MP4, XVID, AVI, WMV, and MOV video formats. Get the freedom to enjoy all your media on your TV.

**Enjoy media from any source** – Play videos, music, and photos stored on USB and network storage devices, such as a My Passport Ultra, My Cloud, and any computer on your network. Your media library collects the content from all the sources, so finding the perfect video, song or photo to view is easier than ever.

#### Get the best online entertainment on your TV

– Stream hit movies, view the latest viral videos, catch up on shows, stay connected to your social network, and watch highlights from the biggest games of the season. With WD TV, you can enjoy the best services on your TV.

#### Turn your smartphone into a remote

– Use your smartphone or tablet to easily control your WD TV with the tap of a finger. Get one-touch access to your favorite online services and use the gesture pad for easy navigation to your media. It is especially great for text input when logging into a service or searching for a movie title.

#### Share it all on your TV with Miracast

– Pair a Miracast-enabled mobile device with your WD TV and you can share exactly what's on your small screen on your big screen TV. Browse the web, watch movies in 1080p, show off vacation photos, play games and more.

#### A home screen made just for you

– Customize your WD TV and take control of your entertainment. Add shortcuts to your personal folders for quick access to your media collection.

### Specifications

#### Stay connected to your social network

– Update your status and post photos on Facebook. Access it all on your big screen TV.

**Automatic play** – Select your favorite Internet service, song, movie or photo slideshow to automatically play when the device is turned on. Perfect for quick access to your favorite entertainment.

**Bring the arcade to your HDTV** – Swap gems with Rockswap, try your luck with Texas Hold'Em or test your math skills with Sudoku. WD TV brings casual games to your big screen TV.

**Programmable remote** – Customize buttons for quick and easy access to your favorite music, photos, videos or menu choices. Use the included programmable remote control to make your entertainment choices using our crisp, animated navigation menus.

#### Use your keyboard for easy searching and updating

– Use the on-screen keyboard or attach your wired or wireless USB keyboard for easy text input. Perfect for searching videos on YouTube or updating your status on Facebook.

#### HDMI and composite video output

– The HDMI port lets you connect to the highest quality HDTV or home theater. Additional composite (RCA outputs) ensure compatibility with virtually all television sets.
